HDMI 3-2-1 (HDMI-321)

Peaceful Integration of All of Your HDMI Devices!

www.laserelectronic.it

Overview

As man continue the quest for higher quality audio and visual entertainment, the world of technology evolves rapidly. From the old-school VHS to the present high definition, KWorld has been the brand for Personal Home Entertainment. Bring KWorld HDMI 3-2-1, and let us show you what you can get from integrating all of your HDMI devices!

Synergy in High Definition (Please refer to Diagram)
When you own a monitor with HDMI output and other Full HD devices such as Game Consoles, Blu-Ray Player or your PC, bring KWorld HDMI 3-2-1 home, and connect all of your devices via it to avoid potential damages caused by repeated plugging and unplugging the HDMI adapter.

Smart Input Selector (No DC Power Required)
Setting up your KWorld HDMI 3-2-1 is completely hassle free, when using standardized HDMI devices, no DC power is required! The Smart Input Selector function is designed to auto-detect the source which is currently powered-on and automatically switch to that specifically source.

Features

- HDMI v1.3a Protocol Compliant
- HDCP v1.2 Protocol Compliant
- Support deep color 24 / 36 Bit
- Smart Input Selector (by video source power status)
- Doesn't need extra power input
- For user with non-standardized HDMI, please connect with DC5V input.

Connection Diagram

Specification
